# Cyberbullying vocabulary

## OBJECTIVE

To know some of the words that are linked to cyberbullying.

## OUTCOME

To understand what some of the words that are linked to cyberbullying mean.

## MATERIALS

A copy of the words and definitions sheet per person, scissors, glue, paper/exercise book, coloring materials, pencils, erasers.

## INSTRUCTIONS

1. Introduce the exercise to the children, and present the objectives and outcomes.
2. Present the children with the mixed up copies of the definitions (see accompanying slides), and ask the children to cut them out then match them up (see page 6 for answers).
3. Go through the answers and get the children to glue down the correct matches on paper.
4. End the exercise by asking the children to produce and design catchy slogans using the vocabulary.

## EVALUATION

Ask the children to swap their slogans and write a few lines describing the slogan their partner has produced in relation to the cyberbullying vocabulary.

## NOTES

- The children can work in pairs or individually when matching the vocabulary.
- You can speed up the exercise by asking each child to join the matches with lines instead of cutting up the keywords and definitions.
- When presenting the correct matches, either read them out or use the slides provided.
- You can provide the children with the following example of a slogan, which does not include any of the above vocabulary. "Stay safe while you surf."
