

# A Book Spine and Label

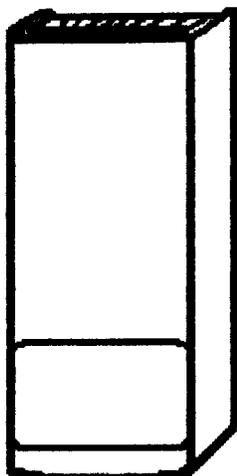

In a school library we will see the SPINE of a book on the shelf. Each spine will have a spine label on it. The label has a special letter on it. This letter tells us what shelf to go to in the library. Sometimes letters of the author's LAST name are also used.

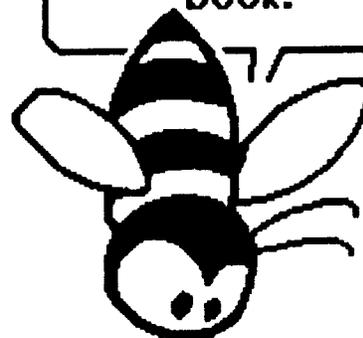

AND LEARN ABOUT YOUR LIBRARY !

← Special Letter

Find a book on the shelf of your library. Look for the SPINE LABEL. Then fill in the spine below with the same letters. You might like to print the title of your book on the spine, too.

Have you been as busy as a BEE ?  
If so, try and find the author's name on your book.

Print it here!
