Introduction to Websites

A website is a collection of web pages that are joined together and are all about the same subject.

You can view them using a web browser like Google or Internet Explorer.

There are many different kinds of websites like:

- Blogs
- Education
- Music
- Games
- Shopping
- News
- Entertainment

What kind of websites do you visit?

_____

What is your favourite website?

_____

Draw a picture of your favourite website.

Using the Internet

Whenever I am using the internet, I will......

1. Tell an adult immediately if I come across anything that makes me feel uncomfortable, angry, or sad.

2. Never share my name, address, phone number, or any other personal details.

3. Never go and meet someone I met online without permission from my parents.

4. Never respond to a suspicious message.

5. Always log out of my accounts and switch off my device when I am done.

Think before you click and stay safe!
