

Africa Pick a Country Project
Honors World Geography

Directions:

For this project, you will be picking a country in Africa and doing a presentation about it. You may work with a partner on this project, but no more than 2 people to a group, and one country per class, so nobody can do the same country as another group. Be sure to follow the requirements and rubric below.

Requirements:

- Description of the physical geography of the country
 - Mountains, plains, rivers, climate zone(s), wildlife, etc.
- Description of the human geography of the country
 - Migration patterns, main languages, religions, culture, etc.
- Description of the government system the country uses
- Description of the economic system and the basic economy of the country
 - Imports, exports, agriculture, production, GDP, etc.
- Brief history of the nation
- Current situation of the country
 - Are they improving, is the country getting worse, etc.
- At least 3 interesting places to visit in the country with detailed descriptions
- Visuals on each slide
- Presentation
- Works Cited
